ACCIDENTADVANCE®

ACCIDENT INSURANCE: BENEFITS FOR UNEXPECTED INJURIES

AccidentAdvance, underwritten by Transamerica Life Insurance Company, can help protect you and your family in the event of unanticipated medical bills when someone is hurt.

George enrolls himself, his wife, and his kids in the accident insurance offered at the car dealership where he works, joking that his wife is such a klutz they'll get plenty of use out of it. A few weeks later, he drops a cinder block on his foot while working in his garage, breaking a bone. He ends up with a cast, crutches, and a joke his wife will never let him live down.

GET BENEFITS TO SPEND ON WHAT YOU NEED

George's health insurance pays for many of his medical expenses, but he still has copays and a high deductible. He doesn't make commissions for sales on the days he misses work.

Because he has accident insurance, he has help recovering financially without dipping into family savings or using a credit card. Accident insurance benefits are paid directly to the insured, letting George use them where and how they're most needed.

FLEXIBILITY TO MEET YOUR NEEDS

George gets specific amounts for his emergency care (including X-rays and physician care received within 96 hours of the accident), for follow-up visits, and for his physical therapy while recovering. He would have received additional help had he needed an ambulance, initial hospitalization, or intensive care. See this brochure for in-depth information about what benefits are paid for specific injuries or procedures.

HELP PROTECT YOURSELF AND YOUR FAMILY

George liked the ability to add his wife and kids to his policy. Because kids can be especially accident-prone, a family accident policy provides extra peace of mind. Eligible dependent children can keep their insurance through age 25.
