

High School Diploma and English as Second Language (ESL) Classes for Teammates

*An Inside Up, Atrium Health Career Development Program
First Step for Your Education; Next Step for Your Career*

Atrium Health is excited to launch two new education programs for teammates. The programs are 100% online with no out-of-pocket expense for teammates. They are offered through our education benefits provider, Bright Horizons.

Career Online High School Diploma program – earn both an accredited high school diploma and a career certificate. When you enroll in the program, you will:

- Earn a high school diploma and career certificate on your own schedule
- Gain real-world career skills with adult-focused class content
- Get support from success coaches to help you along the way

ESL classes – improve your English proficiency while learning valuable career skills. When you enroll in the program, you will:

- Receive a personalized training program based on your native language
- Learn through short, 5 to 10-minute lessons. Lessons are tailored so working adults can fit short learning opportunities into their busy days
- Complete short, real-world lessons that are relevant to your life and career of choice. This will help keep you motivated and engaged
- Master key terminology related to meetings and general workplace processes
- Get support from success coaches to help you along the way

Both class options are available to all part-time and full-time teammates at **Atrium Health Wake Forest Baptist, Atrium Health Navicent and Atrium Health Greater Charlotte**. Self-paced classes begin in March 2022. You can begin a class when you are ready using a mobile device, laptop or desktop computer.

Scan this QR code to get started with ESL classes.
